#CEDEFOPPHOTOAWARD

Take part in the **#CedefopPhotoAward 2020** for a chance to win trips to Berlin and Thessaloniki, or Interrail global passes. The theme of Cedefop's photo competition is **Vocational education and training: your green or digital skills story**.

If you are a group of vocational education and training (VET) learners in the European Union, Norway or Iceland, share your VET story related to green or digital skills initiatives.

Story examples:

- a project learners have developed using green or digital skills;
- an initiative to save energy or resources, 'greening' the work or learning environment;
- an initiative, using digital technologies to enrich the learning process;
- a distance learning group project (where each team member contributes in the project remotely);
- a mobility experience abroad as part of VET training;
- learners show how VET has influenced their life.
