Dear Charitini,

Thank you very much.

Please find [here](#) the link to the How to Participate section of the WFSD21 website with generic examples of possible events, as well as examples for different stakeholder groups: private sector, public sector, schools and universities. Many events have suggestions of how to organize them virtually.

Please be in touch to share your plans and with any questions.

Have a very nice weekend.

Kind regards,

Lilia
