Dear European ASEM countries,

Due to an error on the name of the programme, we are re-forwarding the call for DUO-Korea 2023 in order to avoid misunderstanding and to disseminate the correct information.

Warm regards,

the ASEM Education Secretariat

secretariat@asem-education.org

Dear Colleagues,

It is our pleasure to notify you that DUO-Korea 2023 is open for applications **from April 4 until May 16, 2023**, Korea local time.

The DUO-Korea Programme, which was established in 2001, is sponsored by the Ministry of Education of the Republic of Korea with an aim to promote exchanges of people between Korean and European ASEM member countries on a balanced and permanent basis. The program has supported the exchange projects for professors, students, and teachers by 2008, but, since 2009, it has concentrated on supporting the student exchanges. Over the past 22 years, more than 2,150 professors, students, and teachers have been awarded the fellowship.

Under the DUO-Korea Programme, European students in European institutions can have financial support for their exchange study in Korea. We hope this information will be broadly spread in your higher education

institutions, so that more European students interested in exchanges with Korean institutions will have fellowship opportunities.

You may find the details of the DUO-Korea 2023 Programme including eligibility, criteria, and application information in the following attachments below;
