

To ASEM Education Official Contact Point for Cyprus

Greetings from the Asia-Europe Foundation (ASEF), hope this email finds you well!

I am pleased to share with you that we launched an [Open Call for Youth](#) to participate in the ASEF Young Leaders Summit (ASEFYLS) Capacity Buildings in 2024. We are looking for **student and youth organisation leaders** to express their interest and apply.

We would highly appreciate your support in distributing the Open Call among relevant student and youth organisations in Cyprus.

The Capacity Building Trainings are taking place from July to December 2024, including an in-person Training in China and Hungary. Continuing last year's theme, the project focuses on the **topic "Leadership in Society 5.0"**. The project will promote leadership development of young people and explore the preparedness of young leaders for Society 5.0 and how youth can lead the digital transformation of society.

The aim of the ASEFYLS Capacity Buildings is to conduct leadership capacity building, provide the space for peer-to-peer learning and dialogue to strengthen the intercultural understanding of youth across Asia and Europe, as well as the space for networking and building the foundations for connections and future collaborations between youth and student organisations. Participation in the project is **free of charge and funded** for selected candidates. The participants will have the opportunity to demonstrate the skills they have gained through the organising of multiplier events in their local communities – providing a wider reach to a bigger audience.

To learn more about the ASEFYLS Capacity Buildings, please take a look at the project [Webpage](#). You may also read [the Open Call Overview and FAQs](#) and [Programme Snapshot](#) to learn more.

The deadline for applications is on **Sunday, 19 May 2024**.
